

Remote-enable and future-proof your business with one low-cost solution

One fixed monthly cost including 3CX license, preferred Fuse 2 SIP Trunks, Call Bundles, managed server and monitoring.

3CX offers a full-featured call centre solution with dynamic call queues, reporting, wallboards and CRM integration. Complex and advanced call flows can be designed using a simple drag and drop call flow designer tool. 3CX also incorporates live chat, WhatsApp and SMS, to elevate your call centre into a full contact centre solution.

Hosted PBX or  
On-premise

IOS/Android apps  
to work remotely

Video conferencing  
included

Call centre solution with  
CRM integration

Integrated website  
live chat

Managed FB, WhatsApp  
& SMS from 3CX
